Subject: Question about LNFH outfalls

Hi Jenny,

I called your office, and your message said you're teleworking today. I'm trying to figure out how the LNFH effluent/outfall is associated with which part of the hatchery operation because the NPDES standards seem to be set up in a way that I'm not quite understanding.

Do you have a few minutes to chat on the phone? I heard both Bill and Malenna are out of the office today and was hoping for a quick resolution...

Thanks,
Emi
